

Let's take apart some servicing MYTHS

If you own a Ford, you may have heard some common myths about getting it serviced by a genuine Ford workshop, as opposed to a non-Ford workshop – that it's more expensive, less convenient or that there is simply no difference between a genuine Ford and non-Ford service. In fact, nothing could be further from the truth.

Our comprehensive service package starts at just **€149*** for cars and **€169*** for vans. Having your vehicle serviced by skilled Ford technicians will prolong its lifespan and increase its value. And our **Price Match Guarantee** means we won't be beaten on the cost of any parts you may need.
